#### COMMERCIAL CLUB TO HELP SECURE CONVENTION

Every effort is being put forth by the clubwomen of the city, assisted by the Commercial club, to bring the 1912 biennial convention of the General Federation of Women's Clubs to Salt Lake, and the situation at the present time looks most encouraging. At the convention held at Cincinnati last May, an invitation to bring the next meeting to Salt Lake City was extended by the Utah delegation. San Francisco also presented an invitation, but as the organization held a biennial in that city comparatvely recently. Salt Lake seems to stand the best chance.

The matter will be definitely decided The matter will be definitely decided it a meeting of the board of directors of the federation to be held this coming tall. In the meantime, however, the Salt Lake women are busy. Committees on tall and hotel accommodations, finances, information and transportation have been uppointed to gather information and sand to the committee in order that it will be an easy matter to decide whether it will be an easy matter

The Salt Lake Commercial club, to-

The Salt Lake Commercial club, together with other local commercial organizations, will be called upon to assist in making the affair a success in the event it comes to Zion. The Commercial club will assist in the raising of the necessary funds for the entertainment of the visitors and so on.

The bringing of the convention to Salt Lake would be a big thing for the city, and Joseph E. Caine, secretary of the Commercial club, is anxious to have it brought here. If the convention comes to Salt Lake it will mean the bringing of from 2000 to 2000 of the nation's foremost clubwomen here, together with many of their husbands. Their entertainment while here, according to present plans, will include trips to places of interest about the city, including a visit to the mines at Bingham.

Acute or Chronic-Which?

#### A Few Peculiar **Definitions of Word** "Hemorrhage"

Here are some contributions, unintentional, of course, to current humor by some of the applicants for state teachers' license at the recent examination, the papers of which the state teachers' examining board is finishing reading in the office of State Superintendent of Public Instruction A. C. Nelson.

Hemorrhage is a flux in the blood of animals and occasionally man.

A teacher should keep his room 50 A teacher should keep his room 50 per cent if it is older students it isn't just air they need, but good fresh, soft air which makes you feel like a morning glory when among it teachers should watch for a north breeze, it being good for the nourishment.

Lime is good for man and chickens. Chickens needs it to repair shell of eggs and man needs it to repair weak members of the stomach.

To exercise the muscles of the chest inhale air first in one nostril and exhale

nhale air first in one nostril and exhale

in the other.

Mumps is an information in the throat and jaw, and is infectious and

vill spread.

Trichinge are small cells in the stom-

ach.

A hemorrhage is a growth on the body, usually in the stomach. It breaks out and as very painful.

Organic matter is matter supplied by the several organs of the body, while inorganic matter is a matter which is waste material.

A femur is the function of the skin. Thichinaes are the small muscles of contests.

our ear. Pericardium is the function of health

Hemorrhage is the outer skin. Water is to dampen our body. The structure of the skin is its parts Thoras-the cavity in the alimen

ary canal.

If a child has attended a school that has a disease, he should at once be re-moved and all the other pupils ex-

Stomach Troubles

Horsford's Acid Phosphate Produces healthy activity of weak and disordered stomachs. An unexcelled strength builder.

### Famous Trainer Talks of Horses

In the whole animal kingdom, the horse is easily the most highly regarded by the human family. Instances have been related of the instructive affection on the part of a lorse having saved its master's life; the faithful obedience of the horse to man will cause a thinking man to nak. "What is the power which man exercises over the horse when fire equine is made to perform feats, seemingly beyond his power of comprehension?" Edward Shipp, equestrian director of the Barnum & Bailey Greatest Show on Earth, is of the opinion that the curious indefinite quantity known as "instinct is at the bottom of all the tricks that the horse learns. Just as he cats from instinct, he learns (ricks. Lisually the eating is at the bottom of his entire education. He does things, for the most part, because he gelt something good to eat after the doing. It is his natural search after the doing the performance in the curious that the horse has no calculated the proposition of the lorse has nerves, plenty of these hittle electric wires than anything clear that makes him memenable to teach increase but no logic, so far as I am able the simplest trick and weeks to make him bridle-wise. In a week I can have
